Ex-SPEAKER RANDALL is in Washington looking after the condition of his fences in connection with the Speakership of the next House. He is confident that he will corral enough votes to insure his election.

The Springfield (Ill.) *Republican*, which was established some two months ago "to supply a long-felt want," turned up its toes yesterday and went over to join the innumerable caravan of journalistic renunciates. Its proprietor, the well-known John S. Harper, has been the author and author of more newspapermen than any man of equal age now living. No man could have accomplished more in that line save one who had been at it more years than him.

Mr. GEORGE L. CALLEN, American consul at Stuttgart, is said to have a list of thirty American ladies whose marriages to German noblemen have resulted in various troubles and much unhappiness. All things considered it transpires that the ladies aforesaid have sold themselves very cheap.

#### Something to Consider.

There is a strong probability that the solid South will not be content to occupy a back seat in the next Democratic National Convention and let the North carry off all the honors. It is more likely that there will be a demand made upon the convention for the recognition of the importance of the South, and her position in the party, by giving her the second place on the ticket. In view of the large number of electoral votes the South is sure to give the end dates of the Democratic party, it would be no more than just that the delegates from that section should have the privilege of naming the Vice-President. It is now almost twenty years since the War of the Rebellion closed, and, except in the case of Andrew Johnson, the South has not had a candidate on her ticket, but has generously stood aside and "let the procession pass." Suppose she refuses to play second fiddle any longer, what will be the result? It will be hard to find a man in the ranks of the Democracy of the South to day who is of any prominence in his own State who was not a Confederate officer and fought for the overthrow of the Federal Union. Suppose one of these ex-Confederate officers is nominated for Vice-President by the Democrats, how would it be received by the loyal people of the North? There is always the threatening contingency of the death of the President, either in the natural order of Providence, as in the case of Harrison and Taylor, and the other still more dreadful possibility of assassination, as in the case of Lincoln and Garfield. The people of the North would most likely seriously ask themselves whether it would be prudent to place an ex-robot in a position where he might become the President of the United States.

This only body competent to decide as to the best brand of baking powder now before the public is the community of bakers, pers. And as it is conceded that housekeepers, with great immunity, prefer Dr. Price's Cream Baking Powder, over all competing products, after twenty years' trial, there is no appeal from that decision.

#### LETTER FROM FLORIDA.

GALESVILLE, Fla., Sept. 22, 1861.  
Editor *Republican*:—After quite severe drought of three or four weeks, said by many to have occurred in every year, the crops have been smothered in mud and sludge. In many places the trees were considerably affected for want of rain, but happily the crops had mostly matured, though rotten in many places was cut short somewhat, as the bulk of cotton of the later setting failed to a great extent when it grew to maturity during the period of maturing.

It has often been stated to me that this summer has been one of the most intense heat that has been felt for years. Even some of the older residents here say it is the hottest they have ever experienced. I have to say the same, for in the summer of ordinary temperature, the heat has been far from being as moderate as many summers I have experienced in Florida. I have been written to by several who have been in Florida, asking if the season was not exceptionally hot on account of the heat, and if northern people could come here and stand the summer; and in letters from my wife she has often written that perhaps my heat is to others who contemplate coming to Florida than to no northern ones stand the heat, and that the heat is not so much more intense every summer. I have written in my letter to your paper stating to the contrary, and now I wish to say plainly that perhaps my heat is to others who contemplate coming to Florida than to no northern ones stand the heat, and that the heat is not so much more intense every summer. I have written in my letter to your paper stating to the contrary, and now I wish to say plainly that perhaps my heat is to others who contemplate coming to Florida than to no northern ones stand the heat, and that the heat is not so much more intense every summer. ### WEDDING BELLS.

Marriage of Mr. Kinney and Miss Morgan at Rochester, N. Y.—Other Weddings.

### KINNEY-MORGAN.

A telegram to the REPUBLICAN to-day announces the marriage of Mr. Arthur E. Kinney, secretary and superintendent of the Citizens' Street Railway Company, and Miss H. Alma Morgan, which interesting event took place on Tuesday, Sept. 25th, at the residence of Dr. John T. Seely, at Rochester, New York. The bride is a daughter of Mr. and Mrs. Horace Morgan, of this city, and a lady of natural and acquired accomplishments as an elocutionist. Mr. Kinney and bride will arrive in Decatur soon and make their home here.

### IMBODEN-HOBART.

A quiet wedding occurred last evening at 8 o'clock, at the residence of the bride's parents, Mr. and Mrs. Richard J. Roberts, at No. 541 North Water street, in the presence of the relatives and a few of the more intimate friends of the family. The contracting parties were Mr. Frank W. Imboden, register clerk at the Decatur postoffice, and Miss ANNIE L. Roberts, both well known in this community. The ceremony was performed by Rev. W. H. Musgrave, of Stapp's Chapel. The rooms were beautifully adorned with a profusion of floral designs, the more noticeable of which were a true "true lover's knot" in white flowers and a bow and arrow. Following the congratulations a beautiful wedding repast was discussed, after which Mr. and Mrs. Imboden took their departure for Chicago, over the Wabash. They will return Saturday and for the present will make their home at No. 541 Water street.

### BRADLEY-ROBERTS.

The bride received a large collection of useful gifts.

### MORAY-WILLIAMS.

At the return of Mr. Frank W. Hardy, on Tuesday afternoon, Sept. 25th, by Rev. W. H. Prestley, Mrs. John W. McElroy, of Shelby county, and Miss Oraur E. Williams, of this city.

The groom is a farmer living near Nogon, and the bride is a lady who has made her home with Deputy Hardy and family many years.

### WILHELM-FROST.

The heaviest frost of the season was noticed this morning. It lay upon the sidewalks and fences at 5:30 o'clock sufficiently thick to mark the tracks of the early pedestrians. The frost itself can do no damage to the corn, but the long spell of cool weather will hurt it more or less.

### Stock Sale.

The Edward Mullen sale of stock took place near Marion Tuesday and was well attended by leading farmers of Macon and DuPage counties. Clough & Batchelder, of Illinoi township, bought a herd of 10 head of thoroughbred and three-quarter Jerseys, that were taken to the stock farm in Illinoi to-day. J. J. Batchelder bought Mr. Mullen's fine Billes mare, and Samuel Powers, of Decatur, bought two Jersey cattle that cost \$100 each.
